Innovative Bike & Board Parking

Board and scooter accidents and injuries can be easily prevented by integrating some simple safety steps into your riding routine.

1. PROTECT YOUR HEAD

Wear correctly fitting helmets that meet an approved safety standard.

2. WEAR SAFETY GEAR

When riding a scooter, wear elbow and knee pads. For boards, add wrist guards.

3. YIELD TO PEDESTRIANS

Look out for pedestrians when riding your board or scooter.

4. CROSS ROADS ON FOOT

At crosswalks check both ways for vehicles and cross on foot.

5. DOCK IT & LOCK IT™

Secure skateboards and scooters in designated areas.
